North South University, Dhaka, Bangladesh**

## ACKNOWLEDGEMENT

By the kindness of the Almighty, we have successfully completed our senior design project entitled “Scholarship Matcher”.

Our deep gratitude goes first to my faculty advisor Dihan Md Nuruddin Hasan, who expertly guided in our senior design project throughout the whole CSE499A. His guidance helped us in all type writings and completing the project.

Our sincere thanks also go to North South University, Dhaka, Bangladesh for giving us such a platform where we can have an industrial level experience as a part of our academics. Last but not least, we would like to thank our family as their inspiration and guidance kept us focused and motivated.

### **Abstract**

Scholarship Matcher is a website where a user can search for matching scholarships easily. Users need to give some information Like GPA, IELTS score, GRE score, Gender, country etc. Based on this information this website will find the best matching scholarships that the user may be looking for. In This website users can create an account and save the preferable scholarships for review later on. Registered users will get the latest scholarship updates through email. Additionally this website shows you the latest scholarships, which you can see with detailed information like eligibility, benefits, application process and deadline. It also shows an option to apply online which directs you to the university website, from where you can apply online. We added a feature which shows the statistics on the percentage of students submitting standardized test scores and students personal profile statistics and also users can see some scholarship related guidelines. In this website we added a feature where users can apply to offered courses which don't have scholarship and see tuition fees and choose their program from his/her eligible university and apply from here and pay application fee also. Also if Users face any difficulties and have any queries they will do live chat. Another feature is articles where they have some articles on country wise like (Top reason to study, Top ranking university list, How to apply).
