North South University and the Bangladesh University of Engineering and Technology solidified a collaborative academic partnership through the signing of a memorandum of understanding on the BUET campus in Dhaka on Sunday.

The memorandum of understanding aims to strengthen joint research projects, academic partnerships, publications and other shared initiatives between the two institutions, said a press release on Monday.

Professor Atiqul Islam, NSU vice-chancellor, Katherine Li, director of NSU's Office of External Affairs, professor Satya Prasad Majumder, vice-chancellor of the BUET, deans and department chairs were present at the signing ceremony.

The MoU aims to share a focus on the research and development of artificial intelligence. The two universities will synergize their efforts to explore the burgeoning potential of AI technology. As part of the agreement, BUET's Research and Innovation Centre for Science and Engineering will work closely with NSU to facilitate AI-focused projects.
