Acknowledgement

First of all, we would like to express our profound gratitude to our honorable course instructor,

Dr. Shahnewaz Siddique,

for his constant and meticulous supervision, valuable suggestions, his patience and encouragement to complete the thesis work. We would also like to thank the ECE department of North South University for providing us with the opportunity to have an industrial level design experience as part of our curriculum for the undergraduate program.

Finally, we would like to thank our families and everybody who supported us and provided with guidance for the completion of this project.
